

## IS YOUR CHILD READY FOR CYCLONE'S ???

- Does your child separate from you without getting upset?
- Does your child follow and participate in the warm-up activities?
- Does your child line up and follow the teacher from event to event?
- When at each event, does your child sit and watch/listen to the teacher's directions?
- Does your child stay in the event area and attempt to do the activities they are asked to do?
- Will your child let the teacher assist them?
- Does your child respond to the teacher?
- Does your child wait for their turn at an activity?

**If you can answer yes to MOST of these questions, then your child is ready to move in to a cyclone class and participate successfully by themselves!**

**If not ... then Tiny Twister II or I would be the place for them until they are ready. Talk to your child's instructor.**
